

OPTIONS

WIRELESS PENDANT CONTROL

Includes high resolution display to keep the operator informed of system status and diagnostics at all times, including battery life and signal strength. Pushbuttons feature gold-plated contacts and are rated for more than one million press cycles. The defined snap-action steps provide positive tactile feedback even while wearing gloves. Rugged, super tough nylon housing is made to withstand shock, water, heat, and harsh environments. Designed to minimize power consumption, providing one of the longest battery lives in the industry today. Ergonomically designed contoured case makes it comfortable for the user. Compact and lightweight to prevent operator fatigue, one-handed operation frees the operator to assist in other tasks. Controls include directional pushbuttons momentary or latched, proportional speed pushbuttons, rapid traverse and E-stop.

Wireless control for all Positioners, Rolls and Manipulators

KOIKE ARONSON, INC. / RANSOME
